This preparation has now burne the test of over 14 years experience, since its first introduction to public favor, during which time numerous intitations have sprung into existence, founding their claims to the confidence of the commanity on the curative powers contained in Sarsaparilla Root, the great reputation and extended use of which has been aminy attributable to the many wonderful cures effected by the use of this preparation. While Sarsaparilla Root forms as important part of its combination, it is, at the same time, compounded with other vegetable remedica of great

time, compounded with other regetable remedies of great sower, and it is in the peculiar combination and scientifi manner of its preparation, that its remarkable success in the cure of disease depends. Other preparations imitate it in the style of putting up, and in bearing the name of one of a ingredients, and here ends their resemblance to it. Those needing a remedy and purifier like this, are request ed to note where this difference exists, and in making choice I what they will use, not to take any other but that one en

of what they will use, not to take any other but that one entitled to their confidence, from the long list of cures it has effected on fiving witnesses, whose tostimonials and residences have been published, and who are still bearing daily testimony to its worth.

She was afflicted with a severe cutaneous disease that covered the whole Surface of the body, so that it would have been impossible to touch any part that was free from the immort the lead, face, and body were covered with scales like those of a first the hair fell out in inarge quantities, and walking caused the most excruciating apprex, as it affected the joints more bevereigh any other part. She suffered also a long time from an affection of the liver, connected with general debidity, and a prostration of the nervous system. Physicians, Justin in Europe and America, had exhibited the joints more bevereighted without effecting a cute, or scarcely affecting relief, and the best medical skill was unavailing, until abe happily, are dyour Sarsaparilla. The disease was pronounced and them, but her whole system, internally and exterially and less this one dozen bottles, that she now enjoys bettar health than for years previous to taking in a exterially was altogether deranged, but so complete has been the cute, after using the Sarsaparilla. How have suffered as she has, may know where and to whom to apply for relief, (and that not invain.) as a complete curs will be the great. My wise unites with me in heartieft thankor and cellever me, gentlemen. have suffered as ane may many many as a complete curo will be the great. Hush Creek township, Fairfield co. Feb. 26, 1832.

Dear Siri.—Aw'l consider that my life has been greatly prolonged by my being cured of Consumption by the use of "Dr. Wistar's Balsam of Wild Cherry," I will state the symytoms of my case, that others similarly smitted may be induced to try this invaluable remedy. I experienced great difficulty in breathing; had the hectic fever with violent flushes of best and frequent cold chills, with severe pain in my side and breast accompanied by a very bad cough; was very restless at nights, and had great night sweats, perspiring, I should say, at least two gallons a night, wetting the bed cempletely through, I had not been able to work for scars. But I was much emsciated, and almost helpless when I commenced using Wistar's Balsam of Wild Cherry. Have used in all 15 bottles, and I am now free from all those complaints, for my bealth is good.

I am now 65 years old, and have not taken any of the Balsam since 1846, because my health is so good as not to require any medicines. But if I should have any return of my former symptoms, I should use Wistar's Balsam of Wild Cherry. I procured the medicine of Messars. Fall 6, Me. Gracken, your agents in Lancaster, Dhio.

de., de., de.

Let all who wish to purge the blood from Impurities, and prepare the system to remist epdennics, resort to "Guysott's Extract of Yellow Dock and Sarasparilla," which is proving itself an antidote for many of the most mai gnant diseases that flesh is beir to, and they will never be disappointed, in this remedy the yubile faith has never waverednever can waver; for it is founded on experience, just as their want of faith in other and spurious compounds is founded on experience. They fly from mineral hostnums to seek hope, life and vigor from this purely regetifie reniety, however broken down in health and spiritis—showever income to himself and others, let no one despair of recovery let the patient only understand that his hope of restoration lies only in "Guysott's Extract of Yellow Bock and Sarsaparilla," and persuade him, for his life's aske, to try it, and we have no hesitation in predicting his speedy restoration to health.

The Naker prepared "Yellow Bock," and the "Red

and Sarsaparilla," and persuade him, for his life's sake, to try it, and we have no hesitation in predicting his speedy restoration to health.

The Shaker prepared "Yellow Dock," and the "Red Honduras Sarsaparilla," are the invaluable samedial agents from which Dr. Guysott's Improved Katract of Yellow Dock and Sarsaparilla is formed, and Laboratory of Dr. Guysott has given us the virtues of these roots in their perfection. His preparation contains all the restorative proserties of the roots, combined and concentrated in their utmost strength and efficacy.

Experiments were made in the manufacture of this medicine until it was found that it could not be further improved. Accordingly, we find it resorted to almost universally in cases of Hepatic, Scorbutic and Cutaneous complaints for general prostration of all the vital powers, and all those tormenting diseases of the skin so trying to the patience and so injuriousy to the health.

The following case of Benalah Hughes is one of the most actorishing on record. After forty years' sickness, two years' excruciating torture, the amputation of oneleg, and the body and himbs sirpost a mass of eating, putrifying, discharging uicers, to be cured by eight bottles of Guysotts Extract of Yellow Dock and Sarsaparilla, is almost miraculous.

Tallapoons Co., Ala., Jan. 2, 1832.

Dr. Guysott—Dear Sir:—I send this to certify to you the your Extract of Yellow Dock and Saraaparille has ber formed one of the most wonderful cures on me that has ever been affected on man.

I have been afflicted for forty years with irruptions of

cannot describe to you; I was in such agony that I never rested day or night. I was given up to die, and by the help of God I had made preparation for death, and ab pointed out to my family the place where to bury my re-

In October last my son brought me one of your bottle, wrappers; I lead it, and found secord of some wonderful cures performed by your "Extract of Yellow Bock and Sarasparilla." I sent and got two bottles of it, and commenced taking it. In two "weeke to my great atomishment, my sores all become easy, and I could sleep all night, a thing I had not done for two years. When I had taken six bottles, my sores had nearly all healed. My sores got well as if by enchantment. I have now used in all eight bottles of your "Extract of Yellow Bock and Sarasparilla," and I now consider myself well. I am at a loss for ferms to set forth the worth of this medicine, or to express my gratitude for what it has done for me. I must call it the Savior of man from misery while living upon earth. I entreat all of the afflicted to try this medicine, for I believe it will cure any known disease in the world.—Lay aside all prepolices and Jost try it, and proclaim its great worth to suffering mankind and entreat them to take it, for it will cure them.

My case is well conwn in a large portion of South Carolina, Georgia and Alsabams, and if any should doubt the above cure, I invite them to call on me, and I will show themsithe scats, I can be found in Talis gota Co., Alsamone mile from Stoc's Ferry,

Dateville, Alabama, May 21, 1822.

Messrs. Scoville & Head:—This is to certify that about the first of February last, I was afflicted with three or four painful sores on and about the face, some of them as large as a quarter of a dol'ar; they assumed the appearance of Cancers, and I was fearful they would terminate in Cancers. About three weeks since I commenced taking "Doctor Guysott's Extract of Yellow Dock and Sarsapa. "Illa;" aid found immediate relief from its use. I have not taken quite two bottles, and the sores on my face are all healed up; and those on my neck are, hearly so; and I truly believe they will be enlirely well in a few days. I cheerfully recommend, "Ibr. Guysott's Extract of Yellow Dock and Sarsaparilla" to persons afflicted, with any kind of eruptions or cancerous sores. My general health is much improved by the use of the medicine.

I This now become a settled fact, acknowledged by the best Physicians of our city, that in the cure of Scrolula, Tetter, and many other diseases, Brant Lakeria Flutus Extract or Sarsarantha and Dandellon, is devidedly above all other preparations. It speaks for itself whenever used; and although we have never taken the palm of having it published through the papers, or appointing agents for the sale of it, yet we are almost weekly receiving orders from Vermont, New York, Ohio, Rentucky and other states, by persons, who by some chance means have heard of its wonderful curative powers. The following is from a gentleman of Vermont a few days since, who used it for a very serious disease.

THE FARMET'S GUIDE TO

To set before the women of America examples for insita-tion in the most trying circumstances, may be stated to be the object of this book. Be Tocqueville, a French tourist and writer, of considerable faine, has truthfully said that in the U. States, "Women Govern." In no country upon the earth is the acx so generally respected and so deform-tially consulted. Our society possesses the cream of the days of chivalry, with muck more enlightenment. A hero-ic woman is almost an object of worship. Men have been made great and heroic by Platarch's "Lives"—stimulated and institute they the contemptation of excellence.
